

MODEL 2000F

PNEUMATIC 20 GA. CLEAT NAILER

MODEL 2000F

DESIGNED BY POWERNAIL®

The next generation from Powernail is engineered and designed with performance in mind. The re-designed FLEX Foot offers a simpler solution for varying wood thicknesses, requiring only a single adjustment. It also slides off the tool allowing you to top nail close to the wall. The nose fits tightly into the nail pocket and slides securely along for superior control. Its new compact size fits tighter to the wall allowing for faster starts and finishes. It has an easy jam clearing gate mechanism. Combine this tool with our patented HD PowerCleats and you can securely fasten a wide variety of flooring, from HDF/MDF core, engineered, laminate and exotic woods. The Model 2000F is the perfect performance match for the next generation of flooring.
