

MODEL 50P FLEX LS

MODEL 50P FLEX

PNEUMATIC 18 GA. CLEAT NAILER

DESIGNED BY POWERNAIL®

The Powernail Model 50P FLEX is the most versatile flooring nailer in the industry and in 2018 it only gets better! We have redesigned the standard FLEX Foot to feature Tri-Glide technology. The introduction of the Tri-Glide system allows our 50P FLEX to easily glide across the floor while protecting even the most delicate finishes. This Powernailer has also been optimized with our new top-loading nail channel to drastically reduce reload time and jamming. The Powernail Model 50P FLEX will drive any length of our 18-gauge PowerCleats with HD technology and is the very best performance match for today's hardest hardwoods, exotics and engineered flooring.
