

MODEL HGA-220

HOT GLUE APPLICATOR

MODEL HGA-220

With an array of features designed to meet and beat the expectations of today's flooring professional, Powernail's HGA220 is up to the challenge of any high-output, Hot-Melt glue application. This gun features an ultra-dense, polymer exoskeleton to stand up to daily abuse on the jobsite. It's handle and trigger are ergonomically designed to reduce fatigue and allow for an impressive 5 pounds per hour output. At 220 Watts, this tool operates with 50% more power than standard glue guns. It will have you up to temp and laying floor in a matter of minutes! The HGA220 Glue Gun is a must-have tool for any flooring professional serious about "Glue-Assist" installation.

FEATURES

- 50% more power than standard glue guns
- Lightweight and durable body
- Safety Fuse: shuts glue gun off automatically in the event of a short
- Stroke adjustment option allows user to preset the amount of glue output
- Side fins allow the gun to lay safely on its side, preventing glue back up
- Unique trigger and handle with ergonomic design
- Lighted On/Off power switch
- Detachable, sturdy wire stand
- 100-day warranty
